## ZAMPERINI FIELD

June 21, 2017

### Notice of Hangar Safety Inspection

Dear Airport Tenant;

Beginning July 1, 2017, the Torrance Fire Department will begin conducting the annual mandatory hangar safety inspections, which will continue through June 30, 2018. This annual cycle is concurrent with the City's fiscal year from July 1 to June 30 each year.

It is a requirement of your rental agreement and also City ordinance that your hangar be inspected annually. The inspections are general in nature and aimed at basic fire prevention techniques and safety precautions.

Please see the attached schedule for the date and time when your hangar safety inspection will take place.

**In addition to the schedule presented, tenants may also schedule appointments anytime during the week.** This service is being offered throughout the year to allow tenants to achieve compliance for the inspections. To schedule an inspection for a Monday through Friday, please contact Community Risk Reduction Division at 310-618-2973. If you cannot make any of the scheduled appointments and would like Airport Operations to enter your hangar on your behalf, please contact Airport Administration Office at 310-784-7900 to make arrangements.

If you have any questions or concerns related to this inspection please feel free to contact me or stop by my office and I'll be happy to answer any and all questions. The inspection will only take a few minutes and I greatly appreciate your help in completing this process in a quick and efficient manner.

The inspection schedule can viewed at [www.TorranceCA.gov/Airport](http://www.TorranceCA.gov/Airport)

Thank you in advance for all your cooperation!

Sincerely,

Rafael Herrera  
Airport Business Manager, Torrance Municipal Airport

Cc. Shant Megerdichian, Facilities Operations Manager, General Service Department
